

Financial Modeling Analyst South America

About Neoen

Neoen is one of the world's leading and fastest growing independent producers of exclusively renewable energy. With a capacity of more than 3.6 GW in operation or under construction, Neoen is a high-growth company. Neoen is notably active in Argentina, Australia, El Salvador, Finland, France, Ireland, Jamaica, Mexico, Mozambique, Portugal and Zambia. In particular, Neoen operates France's most powerful solar farm (300 MWp) in Cestas, and the world's first big battery (150 MW storage capacity) in Hornsdale, Australia.

A player in the fight against global warming and the energy transition, Neoen's mission is to design and implement the means to produce the most competitive renewable electricity, sustainably and on a large scale. As a responsible company whose long-term vision is reflected in a strong and sustainable growth strategy, Neoen is targeting more than 5 GW capacity in operation or under construction by end of 2021.

Neoen (ISIN Code: FR0011675362, ticker: NEOEN) is listed in Compartment A of the regulated market of Euronext Paris. For more information: www.neoen.com

Role purpose

In order to assist the Senior Financial Controller South America, in charge of Argentina and Ecuador, we are looking for a VIE Financial Modeling Analyst, based in Buenos Aires, with the following responsibilities:

- Project Finance – Modeling
 - Ensuring accurate financial modeling of allocated portfolios, participate in the modeling of new projects in the South American region (including but not limited to Ecuador) and updating/enhancing the existing models.
 - In particular: in close collaboration with the Regional CFO, the Senior Finance Controller and the Project Finance Department in Paris, participate in the design of a new operational Financial Model for the Altiplano 200 project and being responsible for the future updates of this financial model.
 - Identifying the key financial and non-financial risks, recommending actions for mitigation of those risks.
 - Valuation of portfolio projects.
- Project Finance – Construction Follow Up
 - In close collaboration with the local Construction Department and Financing Department in Paris, collect all the necessary information for financial modeling and debt disbursement related to the projects under construction.
 - Follow the construction costs in comparison with the finance model and budgets/forecasts.
 - Monitor the construction cash flow forecast.
 - Follow-up the logistics of the project and control the arrivals and invoicing from the EPC.
 - Submit the necessary information to the local authorities and entities (Central Bank, INTI, IMPI, Ministry of Energy, AFIP etc)
- Project Finance – Finance Agreements
 - Prepare the debt disbursements and debt service repayments (for external lenders debt and shareholder loans)

- Monitor the Letters of Credit and Collateral engaged by the Sponsor.
 - Reporting of the Sponsor commitment in the projects (insurance policies follow-up for example)
 - Implement the covenants as detailed in the Finance Contracts.
 - Preparation of Asset Pledge Agreements
- Budgets and Reporting
 - Assisting in the preparation, review and analysis of annual budgets and forecasts (cash forecasts and others)
 - Other ad-hoc reporting

Candidate profile

The candidate will need the following skills and experience to succeed in this role:

- Hold a degree in Finance and/or Engineering and you have an experience as modeler associate, financial analyst, and/or controller in an international environment, with a preference for experience in energy or infrastructure.
- Reliable, autonomous, rigorous and analytical, with a good sense of business and proven communication skills. You have excellent Excel modelling skills and a good accounting knowledge.
- Fluent English and Spanish (written and spoken).
- Good sense of humor and enjoy working in an international and multicultural environment.
- Willing to travel to the countries in the area.

Conditions

VIE

Minimum duration of 12 months, preferably 18 months.

Based in Buenos Aires. Depending on possible travel constraints due to Covid 19, the position may start in our headquarter in Paris.

Starting date: immediately
