

Development Manager in Lisbon

Neoen is one of the world's most dynamic independent producers of renewable energy. With a capacity close to 3 GW in operation or under construction, Neoen is a high-growth company. Neoen is notably active in France, Australia, Mexico, El Salvador, Argentina, Finland, Portugal, Ireland, Zambia and Jamaica. In particular, Neoen operates Europe's most powerful solar PV farm (300 MWp) in Cestas, France, and the world's largest lithium-ion power reserve (100 MW/129 MWh storage capacity) in Hornsdale, Australia.

A player in the fight against global warming and the energy transition, Neoen's mission is to design and implement the means to produce the most competitive renewable electricity, sustainably and on a large scale. As a responsible company whose long-term vision is reflected in a strong and sustainable growth strategy, Neoen is targeting more than 5 GW capacity in operation or under construction by 2021.

In Portugal, Neoen plans to participate in the upcoming auctions for production licences in Portugal, with the aim of developing 300MW.

Neoen (ISIN Code: FR0011675362, ticker: NEOEN) is listed in Compartment A of the regulated market of Euronext Paris. For more information: www.neoen.com

Role Purpose

At Neoen, you will be part of the Portuguese development team. Supervised by the business development manager, you will be in charge of the development of a portfolio of solar power projects, from identifying the site to securing the land and the permits until construction starts.
