

## Development Project Manager in Stockholm

### About Neoen

Neoen is one of the world's leading and fastest growing independent producers of exclusively renewable energy. With a capacity of more than 3.6 GW in operation or under construction, Neoen is a high-growth company. Neoen is notably active in Argentina, Australia, El Salvador, Finland, France, Ireland, Jamaica, Mexico, Mozambique, Portugal and Zambia. In particular, Neoen operates France's most powerful solar farm (300 MWp) in Cestas, and the world's first big battery (150 MW storage capacity) in Hornsdale, Australia.

A player in the fight against global warming and the energy transition, Neoen's mission is to design and implement the means to produce the most competitive renewable electricity, sustainably and on a large scale. As a responsible company whose long-term vision is reflected in a strong and sustainable growth strategy, Neoen is targeting more than 5 GW capacity in operation or under construction by end of 2021.

Neoen (ISIN Code: FR0011675362, ticker: NEOEN) is listed in Compartment A of the regulated market of Euronext Paris. For more information: [www.neoen.com](http://www.neoen.com)

In Sweden, Neoen has recently opened an office in Stockholm and is currently developing large scale solar, wind and battery storage projects.

### Role purpose

At Neoen, you will be part of the Swedish development team. Supervised by the head of business development, you will be in charge of the development of a portfolio of wind and solar power projects, from identifying the site to securing the land and the permits until construction starts.

The main tasks include:

- Identifying new greenfield opportunities for solar, wind and battery storage projects;
- Development of several projects, securing land lease agreements, consultation with various local stakeholders; controlling the development of projects in all the aspects
- Monitoring studies;
- Coordination of all the parties involved in the projects (consultants, advisors, local authorities, grid companies, suppliers, etc.);
- Applying for necessary permits;
- Leading the submission of offers in the case of public or private tenders;
- Support the Construction and Asset management teams during the initial phases of the performance of the services;
- With the support of Neoen's teams, manage all administrative aspects related to Neoen's presence in Sweden.

### Candidate profile

The candidate will need the following skills and experience to succeed in this role:

- Master's degree in engineering or business administration, with specialisation in renewable energy, environment or project management;
- 2 to 10 years of work experience in similar tasks;
- Strong motivation to work in a complex environment; you are organized, open-minded and able to work independently; you are capable of working on several projects in parallel;

- Solid analytical skills, strong adaptability, efficiency;
- Social skills, excellent oral and written expression;
- Fluent in Swedish and English;
- Integrity, ethical standards and sound judgement
- Leadership and team spirit
- Intellectual curiosity, passion and self-motivation
- Driving licence (you are expected to travel).
